
Index to Volume XXXVI

SUBJECTS (reviews are listed separately starting on page 954.)

AMERICAN ORTHOPSYCHIATRIC ASSOCIATION

Business Meeting, 937.

President, 1966-1967, Norman V. Lourie, 587.

ANTIPOVERTY PROGRAMS

Mental health, social competence and the war on poverty, 652.

Parallel institutions of the Poverty Act: evaluating their effect on unemployed youth and on existing institutions, 643.

War v. poverty, the role of law and mental health, 786.

BOOKS RECEIVED, 921.

CHILDREN AND YOUTH

Childhood development patterns of hospitalized adult schizophrenic and non-schizophrenic patients and their siblings, 510.

Comparative study of learning problems seen in five child clinics, 829.

Comparisons between prematurely and maturely born children at three age levels, 616.

Conceptual approach and guide to formulating goals in child guidance treatment, 125.

Differences in communicative impact between mothers of psychotic and non-psychotic children, 529.

Effects of family size and density on newborn characteristics, 544.

Effects of impulsivity on performance of verbal tasks in middle- and lower-class children, 13.

Effects of the child's deficiency on the mother: A study of mothers of mentally retarded, chronically ill and neurotic children, 595.

Emotional handicap in the elementary years: Phase or disease?, 444.

Hospitalization of a parent for mental illness: A crisis for children, 868.

Hyperactive child syndrome, 861.

Life history differences in identical twins discordant for schizophrenia, 492.

Psychiatric syndromes in children and their relation to family background, 450.

Safety first: Comments on the influence of external danger in the lives of children of disorganized families, 3.

Special treatment program for schizophrenic children in a child guidance clinic, 736.

Study of Negro children with learning difficulties at the outset of their school careers, 32.

COLUMNS

Mental health highlights, 172, 577, 759, 932.

Notes and Comments, 176, 581.

Trance states, special section on, 765.

COMMUNITY MENTAL HEALTH

Community is becoming, 102.

Controlled intervention—the helping professions and directed social change, 400.

Mental health, social competence and the war on poverty, 652.

Mental health team: A model for a combined community approach to the problems of the poor, 434.

Prevention, treatment, and social action: A strategy of intervention in a disadvantaged urban area, 57.

Reading disability and community psychiatry, 420.

DEPRIVATION, SOCIOECONOMIC

- Dropout and the social milieu of high school: A preliminary analysis, 808.
- Effects of impulsivity on performance of verbal tasks in middle- and lower-class children, 13.
- Medical "deprivation," 665.
- Mental health team: A model for a combined community approach to the problems of the poor, 434.
- Safety first: Comments on the influence of external danger in the lives of children of disorganized families, 3.
- Social and cultural factors influencing the mental health of the aged, 680.
- Study of Negro children with learning difficulties at the outset of their school careers, 32.

EDITORIALS

- Great training robbery???, 590.
- Lip service to research and evaluation, 397.
- New look at social work, 777.
- President's Crime Commission, 398.
- Responsibility of the mental health professions to the law, 1.
- Whither Ortho? or Ortho withers: The mental health of the mental health professions and professionals, 591.

EDUCATION

- Comparative studies of learning problems seen in five child clinics, 829.
- Dropout and the social milieu of high school: A preliminary analysis, 808.

FAMILIES

- Conflict in marriage following premarital pregnancy, 468.
- Development of marriage therapy: A historical review, 458.
- Home treatment of severely disturbed children and families, 730.
- Hospitalization of a parent for mental illness: A crisis for children, 868.
- Stepparent role: Potential for disturbances in family functioning, 485.
- Therapy with a group of families in a psychiatric day center, 134.

FOLLOW-UP STUDIES

- Comprehensive vocationally oriented psychotherapy for adolescent boys: A follow-up study, 609.

HOUSING, PUBLIC

- New expectations for public housing, 673.

IN MEMORIAM

- Anita Gilbert, 160.

INSTITUTIONAL AND CLINIC PROGRAMS

- Troublemaking behavior in a correctional institution: Relationship to inmates' definition of their situation, 795.

LETTERS TO THE EDITOR

- An obligation to the casualties, 179.
- Disturbing question for applicants, A, 948.
- Separate institutions for adolescents, 178.
- AOA resolution on Viet Nam, 948.

MARITAL PROBLEMS

- Conflict in marriage following premarital pregnancy, 468.
- Development of marriage therapy: A historical review, 458.
- Sources of marital dissatisfaction among applicants for divorce, 803.

MENTAL RETARDATION

- Deficiencies in verbal labeling in retarded readers, 840.
- Motivational determinants in the performance of retarded children, 848.
- Training of the mentally handicapped: Reflections from a half-century of experience, 857.

MISCELLANEOUS

- Approach to humanism in a medical setting: The preceptor program at the Wayne State University School of Medicine, 153.
- Automation and the price of progress, 70.
- Comparison of race awareness in northern and southern children, 22.
- Healthful use of power, 90.
- Medical care and the social worth of man, 96.
- Personality characteristics of women with repeated illegitimacies: Descriptive aspects, 476.
- Problems and prospects for mental health coverage through collective bargaining agreements, 119.

PROFESSIONS, MENTAL HEALTH

- Controlled intervention—the helping professions and directed social change, 400.
- Human actualization: The perspective of contract psychology, 881.
- Psychiatric insurance and the clinical psychologist, 743.

Revitalization movement in the mental health professions, 111.

PSYCHIATRY

Longitudinal comparison of psychiatric service, 818.

Psychiatric syndromes in children and their relation to family background, 450.

PSYCHOLOGY

Human actualization teams: The perspective of contract psychology, 881.
Psychiatric insurance and the clinical psychologist, 743.

PSYCHOTHERAPY

Content measure of changes attributable to psychotherapy, 41.

Comprehensive vocationally oriented psychotherapy for adolescent boys: A follow-up study, 609.

Influence of a set on the evaluation of psychotherapy, 50.

Psychotherapy, dropouts and lower socioeconomic patients, 629.

Some practical procedures in the management of suicidal persons, 896.

RESEARCH

Characteristics of patients in an adult outpatient clinic: A survey and evaluation, 636.

Childhood development patterns of hospitalized adult schizophrenic and non-schizophrenic patients and their siblings, 510.

Comparisons between prematurely and maturely born children at three age levels, 616.

Content measure of changes attributable to psychotherapy, 41.

Differences in communicative impact between mothers of psychotic and non-psychotic children, 529.

Effects of family size and density on newborn characteristics, 544.

Effects of the child's deficiency on the mother: A study of mothers of mentally retarded, chronically ill and neurotic children, 595.

Influence of a set on the evaluation of psychotherapy, 50.

Life history differences in identical twins discordant for schizophrenia, 492.

Longitudinal comparison of psychiatric service, 818.

Relatives of schizophrenic patients: Clinical judgments of potential emotional resourcefulness, 518.

SCHIZOPHRENIA

Childhood development patterns of hospitalized adult schizophrenic and non-schizophrenic patients and their siblings, 510.

Life history differences in identical twins discordant for schizophrenia, 492.

Special treatment program for schizophrenic children in a child guidance clinic, 736.

Relatives of schizophrenic patients: Clinical judgments of potential emotional resourcefulness, 518.

SCHOOL PHOBIA

Desensitization techniques in the treatment of school phobia, 147.

SEX

Sexual morality and sexual reality—the Scandinavian approach, 686.

SOCIAL CHANGE

Automation and the price of progress, 70.

Controlled intervention—the helping professions and directed social change, 400.

Discussion: Socioeconomic change, population explosion and the changing phases of mental health programs in developing countries, 84.

Healthful use of power, 90.

Socioeconomic change, population explosion and the changing phases of mental health programs in developing countries, 77.

SUICIDE

Children's disturbed reactions to parent suicide, 873.

Practical procedures in the management of suicidal persons, some, 896.

Suicide prevention around the clock, 551.

TRAINING IN MENTAL HEALTH

Approach to humanism in a medical setting: The preceptor program at the Wayne State University School of Medicine, 153.

Group methods in training and practice: Nonprofessional mental health personnel in a deprived community, 410.

TREATMENT, RESIDENTIAL

Aspects of psychotherapy in a residential treatment center, some, 712.

Faulty staff communications in a residential treatment center, 706.

Iatrogenic factors in residential treatment: A problem in staff training, 725.

Identification, a complicating factor in the inpatient treatment of adolescent girls, 720.

Training the child-care worker in a residential treatment center, 694.
